"Extensive knowledge and modern science must be acquired. The educational process we see today is in an ongoing and escalating challenge which requires hard work.

We succeeded in entering the third millennium, while we are more confident in ourselves."

H.H. Sheikh Khalifa Bin Zayed Al Nahyan

President of the United Arab Emirates

Welcome to *Bridge to Success*

Bridge to Success is a twelve-grade course for learners of English as a second language (ESL). The twelve grades range from the beginning of cycle 1 to the end of cycle 3.

Bridge to Success Grade 2 consists of nine thematic units of study, which include a range of activities, text types and objectives, split over three terms.

The materials reflect the following principles:

- **An Emirati focus, with an international perspective.** Specifically developed for young learners throughout the United Arab Emirates, the themes, situations and literature covered by *Bridge to Success* strive to reflect the Emirati context and encourage learners' curiosity about the wider world. This fosters respect and interest in other cultures and leads to awareness of global citizenship.
- **An enquiry-based, language-rich approach to learning.** *Bridge to Success* engages children as active, creative learners. As learners participate in a wide variety of curriculum-based activities, they simultaneously acquire content knowledge, develop critical thinking skills and practise English language and literacy. The materials incorporate a 'learning to learn' approach, helping children acquire skills and strategies that will help them approach new learning situations with confidence.

- **English for educational success.** To meet the challenges of the future, children need to develop facility with both conversational and academic English. From the earliest stage, *Bridge to Success* addresses both these competencies. *Bridge to Success* presents authentic listening and reading texts, writing tasks, and end-of-unit projects similar to those learners might encounter in English-medium and international schools.

In addition to this Learner's Book, the accompanying Activity Book provides additional support, reinforcement and practice. Comprehensive support for teachers is provided in the Teacher's Guide.

The following icons are used in this Learner's Book:

-  pre-recorded listening activity
-  pre-recorded chant and class chanting activity
-  pairwork or small group speaking activity (not mediated by teacher)
-  write in notebook activity
-  linking activity in Activity Book
-  cross-curricular maths activity
-  cross-curricular science activity
-  links to 21st Century Themes and/or Skills

We hope that you and your learners will enjoy using these materials as much as we enjoyed developing them for you.

Goldilocks and the three bears

Every day, Goldilocks walked in the forest. One day, she decided to take a different path. At the end of the path, there was a little house. Goldilocks knocked on the door, but nobody answered. She opened the door and entered the house.

The house was empty. She entered the kitchen. There were three bowls of porridge on the table. Goldilocks was hungry, so she decided to eat the porridge.

The first bowl of porridge was very hot. The second bowl of porridge was very cold. But the third bowl of porridge was just right!

Goldilocks was sleepy after eating the porridge, so she went into the living room. There were three chairs in the living room, and Goldilocks wanted to rest.

The first chair was very big. The second chair was very big, too. The third chair was just right, but then it broke into lots of pieces!

Goldilocks was still sleepy, so she climbed the stairs to the bedroom. There were three beds.

The first bed was very hard. The second bed was very soft. But the third bed was just right. Soon, Goldilocks was asleep.
